

# Edit Your Quotebook

## **Objective:**

This assignment is designed to solidify the following skills that you have learned in the previous videos:

1. Merging branches

## **To Do:**

1. Merge the branch you made in the previous assignment (for motivational quotes) into your master branch
2. Solve any merge conflicts that arise
3. Check your git history

## **Optional:**

4. Delete the motivational quotes branch (hint: you will add a modifier to the git branch command and then specify the branch to delete)
